FEBRUARY IS HEART HEALTH MONTH!

Two simple ways to keep your heart healthy include:

- Eating a rainbow of fruits and vegetables.** Different colors of fruits and vegetables have different vitamins and minerals that your body needs to stay strong.
- Being active every day.** Do an activity that you enjoy every day, such as jumping rope, playing basketball, or roller skating.

Harvest of the Month: BERRIES!! February 4th and 18th!

We are lucky enough to live in an area where berries of all kinds are farmed and harvested in the spring time. Fresh or frozen. We love berries! Be sure to taste strawberries and blueberries straight from our local berry famers at Sakumas on February 4th and 18th!

The nutrients in berries will naturally lower your blood pressure, reduce inflammation and increase 'good' cholesterol—all essential for a healthy heart.

Each lunch comes complete with salad bar or fresh vegetable, choice of fresh fruit, and milk!
